## Council Policies

### Land Acknowledgement Policy

The GSA recognizes and acknowledges the unceded and unsundered status of these lands on which we live, work, and study, and actively and fully positions itself in solidarity with struggles for Algonquin nationhood. We recognize that we as students living and studying on unceded and unsundered Algonquin territory continue to benefit from the ongoing colonization of the Algonquin nation and its lands.

The GSA opposes further colonization of Algonquin communities and lands and commits to engage in the long process of decolonization. The GSA supports substantive and active steps towards decolonization of these lands, especially locally.

We assert that decolonization and solidarity with the Algonquin nation is an ongoing and unending process that touches every aspect of how an organization like the GSA operates in the lands of the Algonquin nation. This work will never be complete but is central to our operations as an organization that centres solidarity and social justice in its work.

It is the policy of the GSA that the following statement be read before all Council and Committee meetings. Such a statement is not an end in and of itself but rather represents a continuous and ongoing commitment to take substantive action.

*The GSA recognizes and acknowledges that the lands on which we live, work, and study belong to the Algonquin nation.*

*The Algonquin nation, whose territories comprise the entire Kichi Sibi (Ottawa River) watershed and include the city of Ottawa, never ceded or surrendered its territories to Canada. The Canadian state laid claim to these territories through violent systems of colonization that resulted and continue to result in the dispossession, marginalization, and impoverishment of Algonquin people and the overexploitation of land and waters within their territory.*

*The GSA commits to fully supporting Algonquin struggles and Algonquin assertions of self-determination and nationhood. We are not innocent in the ongoing colonization of these lands and we resolve to challenge the presence of colonialism in our words, actions, and communities. We extend our ongoing solidarity to the Algonquin nation with our words, actions, time, skills, and resources.*

**Amended at Council 2015.04.09**

## **Hiring Policy**

## **Graduate Board of Governors, Senate, and Graduate Faculty Board Representatives Reporting Policy**

### *Preamble:*

The graduate student body at Carleton University is represented on the University's Board of Governors (BoG), Senate, and Graduate Faculty Board by graduate representatives. These positions can be filled by any Carleton University graduate student. While the GSA is the general body which represents graduate students, the representatives of these university governance bodies are not held accountable to the GSA in any way. This situation is not amenable to successful communication between GSA Councilors and graduate representatives to the Board of Governors, the Senate, and Graduate Faculty Board. This policy is designed with the intention of creating an incentive for these graduate representatives to report to GSA Council on a regular basis.

1. Graduate representatives to Senate, Graduate Faculty Board, or Board of Governors are expected to report to GSA Council on a regular basis and will receive an annual honorarium of \$100.
2. There will be one honorarium paid per position.
3. To collect the honorarium, Senate, Graduate Faculty Board, and BoG graduate representatives are expected to:
  - 3.1. Submit a report to GSA Council for every Council meeting, including summer meetings.
  - 3.2. Attend at least 2 GSA Council meetings per term between September and April.

**Passed at Council 2005.03.18**

**Amended at Council 2015.04.09**

## **Selection of Graduate Students' Association Nominee to the University Board of Governors**

### *Preamble*

Beginning in the 2008-2009 academic year, the Board of Governors began running the elections for student at-large members of the Board of Governors. At the same time, the ByLaws of the Board of Governors were changed to allow the Graduate Students' Association to select a nominee for the Board of Governors.

### *Policy*

The Council of the Graduate Students' Association shall annually select a graduate student nominee to the Board of Governors. Selection will normally occur at the April meeting of Council. In accordance with the By-Laws of the Board of Governors, the nominee must have been a student in the academic year preceding their selection and be registered in at least one credit course during their term on the Board of Governors.

**Passed at Council 2010.03.19**

## **Executive Compensation Policy**

### *Preamble*

The Executive Compensation Policy is designed to maintain the practice of providing the GSA Executives with compensatory funds as a part of the budget for each fiscal year, including a salary and tuition fees credit.

### *Policy*

1. The GSA Executive shall receive a salary set at exactly the rate of Contract Instructors at Carleton University, which will be adjusted to reflect the outcome of collective bargaining between CUPE 4600 and Carleton University.
2. The GSA Executive shall be provided the option to make use of a tuition fee credit in the amount of \$1000.00 per semester throughout the academic year of their service to the GSA. The tuition fee credit shall only be rendered to the executive member at the end of the semester in question with proof of full-time registration. For part-time registration, the tuition fee credit shall be pro-rated.

**Passed at Council 2009.08.19**

## **GSA Policy on Speaking Rights at GSA Council**

*Preamble:*

*There are a variety of different factors that may lead GSA Councilors to feel more or less safe and/or comfortable engaging in discussion and debate during meetings of Council. These factors include, but are not limited to, race, ethnicity, gender identity, sexuality, ability, and experience. This policy intends to empower the Chair to ensure that members are able to equitably participate in the decision-making processes of the Association. This policy is not intended to stifle discussion or debate.*

1.1 The Chair of GSA Council will give preference to first-time speakers at any given meeting of Council.

1.2 The Chair of GSA Council is empowered, when necessary, to make best efforts to order and grant speaking rights based on the values of the GSA as outlined in article 2.2 of the GSA Constitution.

**Passed at Council 2012.08.21**

# GSA Electoral Rules

## Preamble

*The following rules for GSA General Elections and Referendums supplement existing rules as established in the GSA Constitution and By-Laws. The Chief Electoral Officer(s) (CEO(s)) and the Electoral Board will annually endeavor to compile and make available in a single document all election rules established under the GSA Constitution, GSA By-Laws, GSA Policy, and any additional rules established by the CEO(s) and the Electoral Board.*

## 1. Referendums

### 1.1. Referendum Committees

All committees must have a Chairperson who registers the Committee on the approved Referendum Committee Registration Form. There shall only be one committee campaigning in favour or against any specific referendum question. Committees shall register themselves with the CEO(s) by the candidate nomination deadline. All committee chairpersons are expected to attend All-Candidates Meetings.

### 1.2. General Referendum rules

All referendum committees are bound by all election rules and shall be treated as a candidate in the interpretation of these rules.

## 2. Affiliation

Affiliation is defined as one or more candidates that share a common brand (e.g. colour, slate name, team photograph), and share campaign resources.

2.1. Candidates running for executive positions (President, Vice-President Operations, Vice-President External, Vice-President Finance, and Vice-President Academic) are permitted to choose to affiliate with other candidates.

### 2.2. Pooling of Resources

- a) Candidates are permitted to pool resources; however each candidate is responsible for submitting an individual budget that reflects the spending cap of \$80.00/candidate.
- b) A candidate may only pool resources for materials that feature that candidate, not for materials that solely promote an affiliate. The costs of any material featuring more than one candidate must be equally shared by the candidates featured.
- c) Affiliated candidates are permitted to share physical materials and online material.

2.3. Volunteers may campaign for affiliates.

2.4. Candidate affiliations shall appear on the ballot.

2.5. Candidates running for positions on the Graduate Faculty Board or the Senate, or the Board of Governors and their volunteers may endorse, volunteer, or campaign for any other candidate, including executive candidates, but may not affiliate with an executive candidate.

2.6. Executive candidates must declare any affiliations to the CEO(s) prior to the start date of the campaign period. Affiliated candidates must submit a list of names and signatures of affiliated candidates on the Candidate Affiliation Declaration Form by the nomination deadline.

### 3. Violations

#### 3.1. Serious Offenses

The following violations are considered “serious offenses” and may result in the automatic disqualification of a candidate. If the serious offense is, at the discretion of the CEO(s), deemed to directly impact the outcome of the elections, the CEO(s) may declare the results of an election or referendum void. The candidate will not receive reimbursement for their campaign expenses.

- a) Spending above the \$80.00 campaign expense limit
- b) Committing electoral fraud. The existence of fraud will be determined by effective Canadian laws and/or at the discretion of the Electoral Board.

Committing three violations considered “non-serious offenses.”

#### 3.2. Non-Serious Offenses

- a) If the CEO(s) finds that a candidate has violated a policy outlined in the Electoral Rules, the GSA By-laws, or Constitution, the CEO(s) will issue a violation. In addition to issuing a violation, the CEO(s) may, at their discretion, issue a penalty involving the removal and/or prohibition up to 50% of the candidate’s physical campaign materials, in proportion to the gravity of the offense. In addition, or as an alternative to requiring the removal and/or prohibition of up to 50% of the candidate’s physical campaign materials, the CEO(s) may demand the removal of online material for the same or a subsequent offense.

#### 3.3. Offenses Impacting Affiliates

The CEO(s) may, at their discretion, issue a violation and/or a penalty that applies to a candidate's affiliates in addition to the offending candidate if it is of the opinion of the CEO(s) that the affiliates have been advantaged by an offense.

#### 4. Campaigning

Campaigning is defined as the process of distributing, advertising, exhibiting, presenting, broadcasting, or soliciting that directly promotes or opposes a candidate or referendum question.

##### 4.1. Pre-campaigning

Candidates may not campaign prior to the campaign period. Candidates are permitted to solicit and train volunteers prior to the nomination period, provided that it is done discretely and privately. Mass communication tools, including but not limited to the email lists of clubs, societies, or associations, may not be used to recruit volunteers prior to the campaign period.

##### 4.2. Nomination Period

Candidates and their volunteers are permitted to promote the candidates and their affiliates during the nomination period, however they are not permitted to distribute campaign materials or engage in online campaigning prior to the beginning of the campaign period. Volunteers are permitted to collect nomination signatures on behalf of a candidate.

##### 4.3. Voting Days

Candidates and their volunteers are permitted to campaign during voting days.

##### 4.4. Volunteers

Campaign volunteers must be members of the Graduate Students' Association. Membership is defined in Article 3.0 of the GSA Constitution as "all master's, doctoral, qualifying year, graduate certificate and diploma, and all other students registered as fulltime or part-time students within the Faculty of Graduate and Post Doctoral Affairs at Carleton University." No non-members may campaign on behalf of a candidate. No non-members of the GSA may offer volunteer labour in support of a campaign. Candidates and Referendum Committee Chairs are responsible for the actions of their volunteers. Any spending in the election by a volunteer is considered a campaign expense by the supported candidate or Referendum Committee.

##### 4.5. Group Endorsements

Candidates may solicit group endorsements from student groups, clubs, societies, and associations whose Carleton graduate student membership consists of 50% +1 of the group. A candidate may, at the request of the CEO(s), be required to submit a group's membership list. If the CEO(s) has sufficient evidence that the membership list provided does not

accurately represent the group's graduate student composition, a violation may be issued to a candidate and, if appropriate, the candidate's affiliates.

Official Carleton University student lists, such as departmental lists, may not be used by candidates.

#### 4.6. Online Campaigning

All candidates and referendum committees are required to notify the CEO(s) of the primary Internet URL of any and all online campaigning activity prior to commencing online campaigning.

All candidates and referendum committees are required to provide the CEO(s) with administrator status on any and all campaign groups, pages, and events on Facebook and other social networking sites. It is the responsibility of the candidates and referendum committee chairpersons to ensure that content does not violate the electoral rules and is in the spirit of a fair and respectful electoral process.

### 5. Materials

5.1. All physical materials must be approved and stamped by the CEO(s).

5.2. Candidates are encouraged to submit proofs of all physical materials electronically or in person to the CEO(s) prior to printing to ensure compliance.

5.3. When submitting physical materials for stamping please provide an electronic or paper copy of receipts for CEO(s) financial recording.

### 6. Scrutineering

6.1. The role of the scrutineer is to watch members of the Electoral Board count the vote after voting has ended. Each candidate may have one scrutineer present to oversee the counting of the ballots.

6.2. Scrutineers can challenge a ballot if they do not agree with the CEO(s)/Electoral Board's judgment on whether a voter's intention is clear.

6.3. The CEO(s) makes the final decision of the voting intention of contested ballots.

6.4. Scrutineers cannot touch the ballots and have no official role monitoring the polling stations.

### 7. Conduct

7.1. At any time within or outside the elections period, candidates may not, by themselves or by another person, offer or procure money, valuable consideration, office, employment, food, drink or goods to induce any person to support a campaign, vote, or refrain from voting.

7.2. Candidates must adhere to the equity statement outlined in 2.2 of the GSA Constitution, which states:

The GSA shall promote and assist in maintaining an academic and social environment free from prejudice, rape culture, discrimination, exploitation, or abuse on the basis of, but not limited to, sex, gender identity, race, ethnicity, language, religion, sexual orientation, age, nationality, socio-economic status, political affiliation or belief, disability, or marital status.

## 8. Appeals

8.1. Candidates and referendum committees may submit written and signed appeals to the Electoral Board by delivering the appeal to the GSA Office, 6th floor Unicentre. Appeals must contain a detailed description of the grounds for the appeal.

9. Nothing in this policy prevents the CEO(s) and the Electoral Board from establishing additional election rules as per By-Law #10, Section 3b.

**Passed at Council 2016.01.22**

# Travel Grant Policy

## *Preamble*

The purpose of the Travel Grant is to help graduate students engage in pursuits of a primarily academic nature, i.e. to defray the costs of participating in academic conferences or in conducting research, outside of the Ottawa area. In all cases and at all times it is understood that the GSA has limited funds available for Travel Grants, and as such must be considered the third possible resource after departments and the Faculty of Graduate and Post Doctoral Affairs have been approached.

## **1. The Travel Grant**

Travel grants may assist students in a number of ways. A Travel Grant is available to any graduate student who has presented a paper, chart, poster, or any other form of academic work (including being a scheduled participant on a panel) at a recognized conference. The Grant can also assist those students who have attended conferences directly related to their research topic, compete in academic competitions, or conduct research relating directly to their research topic.

## **2. The Grant**

The GSA shall award 50% of the travel costs not covered by other sources, to a maximum of \$200. Applicants are permitted to claim food expenses at a per diem amount. The minimum cost (to the student) must exceed \$50.00. Candidates are entitled to apply for more than one grant per fiscal year (01 May to 30 April), where the total of all grants awarded to any one candidate will not exceed the maximum award per applicant in one fiscal year (\$200.00). The Travel Grant shall not be awarded to assist students travel for internships or co-ops, paid or otherwise. The Vice-President Finance or designate shall be responsible for approving all Travel Grants.

## **3. The following is required of all applicants:**

- 3.1. Completed Travel Grant Application Form which includes a breakdown of
- 3.2. Expenses and sources of funding;
- 3.3. Proof that the paper or poster was accepted by the conference, or proof that the student was a scheduled participant in a session (if appropriate);
- 3.4. Copy of the airline/train/car/bus (etc.) ticket or conference fee receipt proving that the student participated;
- 3.5. Copy of the letter from Faculty of Graduate and Postdoctoral Affairs stating how much funding they did (or did not) provide;
- 3.6. Copy of letter/email from the student's departmental director and/or supervisor outlining reasons for the student's participation and stating that participation is of direct relevance to the student's academic studies must be provided if the student is applying for a discretionary travel grant.

NOTE: If the application does not contain all of the required documents, the grant will neither be processed nor considered.

**4. Students whose conferences occur during the term in which they are not registered may receive funding under the following conditions:**

- 4.1. That at the time of admittance to the conference and application for a Travel Grant, they were registered as grad students; or

# Graduate Recreational Softball League Policy

## *Preamble:*

In one form or another, a graduate recreational softball league has played almost every summer since 1982. Given the high turnover of graduate students and its often informal structure, the league has occasionally suffered from insufficient institutional memory, limited organizational capacity, a lack of official recognition from the University, and limited funds to replenish aging equipment. To partially address these problems, the Graduate Students' Association has gradually played an increased role in facilitating the operation of the league and in providing financial support.

The current Graduate Recreational Softball League (GRSL) is a recreational, non-competitive, co-ed league open to all skill levels. While open to Carleton staff and alumni, the league is primarily intended to serve graduate students whose fees to the GSA cover the costs of the League. As such, there are no direct fees associated with playing in the GRSL. Games are typically three to four nights a week, beginning no later than the third week of May and continuing until the end of August. The regular season culminates in a one-day end of season tournament in August.

The GRSL mission is to facilitate the following three goals:

- facilitate a summer activity on campus primarily for GSA members;
- facilitate a sense of community for graduate students across faculties, schools and departments; and
- stimulate business for Mikes Place during the summer lull by encouraging teams to use the facility after each game.

The policy that follows is intended to establish clear operating guidelines for the league to improve the experience for all participants and to set clear governance rules for the league.

## *Policy:*

### 1. Founding Principles

The GRSL is organized on the following principles:

1. The GRSL is recreational and non-competitive.
2. All members of the Graduate Students' Association are entitled to play.
3. No mandatory fees will be charged for participating in regular play of the GRSL.
4. The GRSL is a co-ed league and will take measures to ensure all interested players have the opportunity to play, regardless of skill level.
5. No violence, harassment, discrimination or verbal abuse will be tolerated for any reason.
6. All players participate at their own risk and must sign a waiver indemnifying the GSA, Carleton University, and the GRSL Commissioner from any and all damages resulting from participation in the GRSL.

## 2. Financial Support

The GSA will provide:

- \$250 in annual operating revenue to the GRSL;
- \$500 as an honorarium for the GRSL Commissioner(s);
- When financially viable and at the discretion of the GSA Executive, a gift certificate or food item from Mike's Place may be provided to each team attending Mike's Place following a regularly scheduled game.

Additional funds may be requested by the GRSL Commissioner. Such requests will be evaluated based on need and funds available.

## 3. Seasonal Timeline

The GRSL season will take place between the beginning of May and the end of August. Games will normally be played on weeknights at Carleton University. Games will not be held on statutory holidays. Rain days are determined between captains. Games cancelled due to weather are not rescheduled. A one-day tournament will normally be held on a Saturday in August.

## 4. Transportation of Equipment

League equipment will normally be stored in Mike's Place. The team listed as the home team for each game will normally be required to transport the softball equipment from Mike's Place to the softball field. The team listed as the visiting team will normally be required to transport the equipment from the softball field back to Mike's Place. Both the home and visiting teams are responsible for the security of the equipment while not on the premises of Mike's Place.

## 5. GRSL Commissioner(s)

The position of Commissioner can be held by one individual or shared between two CoCommissioners. In the event that the position is shared, all references to the Commissioner in this policy will be understood to refer to Co-Commissioners.

### *Hiring*

The GRSL Commissioner or Commissioners will be hired by a GSA Hiring Committee as stipulated by the GSA Hiring Policy. The GRSL Commissioner must be a GSA member as defined by the GSA Constitution. The hiring of the Commissioner will normally take place in March or April of each year.

### *Compensation*

The GRSL Commissioner will receive a \$500 honorarium following the submission of an end-of-season report. In the case of two Co-Commissioners, each Co-Commissioner will receive a \$200 honorarium.

## *Duties*

The GRSL Commissioner's responsibilities include:

1. Working with the GSA Executive and/or staff to ensure the league is adequately advertised to potential participants.
2. Working with the GSA to ensure the booking of River Field through Carleton Athletics and Recreation as per the 2012 Memorandum of Understanding between Carleton University and the Graduate Students' Association.
3. Facilitating the participation of all interested GSA members.
4. Working with interested parties to establish teams for regular play.
5. Collecting and maintaining contact information for all team captains/organizers.
6. Holding a minimum of one meeting of all team captains/organizers.
7. Organizing and distributing a seasonal schedule that ensures an equal number of scheduled games for each team.
8. Distributing GRSL rules and policies to all team captains/organizers.
9. Distributing and collecting waivers to all team captains/organizers, ensuring that participants have signed.

12. Oversee the maintenance of GRSL equipment including softballs.
13. Create a budget for equipment renewal and other league expenses and submit to the GSA Vice-President Finance for approval.
14. Arbitrate any grievances between teams. (In extenuating circumstances, a decision of the GSA Executive may be requested. In such circumstances the decision of the Executive Committee will be final.)
15. Discipline up to and including banning from the GRSL any player who grossly or consistently fails to follow GRSL rules and principles, or who otherwise puts participants' enjoyment and safety or the continuance of the GRSL itself in jeopardy. (Measures may be appealed to the Executive Committee of the GSA.)
16. File an end-of-season report to GSA Council that includes details on expenditures, any problems experienced during the season, recommendations for future years, and a contact list for all team captains/organizers and assistant captains/organizers.
17. Inform the GSA Executive Coordinator or GSA Executive member of any serious injury resulting from participation in the league within 24 hours of being made aware of such an injury.

The GRSL Commissioner is not required nor expected to attend all regular season softball games. Although the GRSL Commissioner may play for a team, they must strive to remain impartial and retain the image of impartiality.

## 6. Team Captains/Organizers

All teams must have a team captain or organizer, as well as an assistant captain, co-captain or organizer. The captain/organizer and assistant captain/co-captain/organizer may be determined in a manner acceptable to the team they represent, and are responsible for the following:

1. Distributing the softball rules and policy to all team members.
2. Ensuring adequate attendance of team members to ensure against game default.
3. Ensuring all participants sign an official waiver form and providing signed forms to the GRSL Commissioner.
4. Ensuring all team members follow the rules and principles of the GRSL.
5. Assisting the GRSL Commissioner in coordinating the annual softball tournament.

11. It is the responsibility of the team captain to request players inform them of any medical conditions that could arise when playing in the league.
12. If a serious injury occurs it is the responsibility of the team captain to fill out a incident report. Incident report forms will be in the equipment bag or alternatively available from the GSA office. The report should be returned to the Commissioner within a week of the incident. The captain should also contact the Commissioner by either phone or email within 24 hours of any serious injury. A serious injury is defined as anything that would require professional medical attention (e.g. stitches, concussions, broken bones, etc.).

## 7. General League Rules

1. The GRSL functions using a set of rules first established in 2000 and subsequently amended as required. The following rules can be amended by a majority vote of team captains/organizers, under a formal vote where each team is allocated one vote (regardless of the number of captains/organizers). Notice of any changes must be brought to the attention of the GSA Executive. Any and all changes must adhere to and respect the GRSL founding principles.
2. Teams must field seven (7) players defensively per inning (to a total of nine (9)), or the game is forfeited. Maximum field consists of catcher, short-stop, first, second, third, and four outfielders (right, left, centre and rover).
3. In the event of a forfeit, a random shuffling of players from both sides (adjusted for an even split based on gender identity, as per Section 8) may play out the evening.
4. No consumption of alcohol or other drugs is allowed on the field. Players who fail to abide by this rule will be expelled from the league and participating in the tournament. Any player caught violating this rule during the tournament will be

removed from tournament play and prevented from returning to play in subsequent years. This is for the protection of the league.

5. All players must be 18 years of age.
6. All players must sign a waiver form to be submitted to their team captain/organizer. Players must also sign a code of conduct.
7. Any player who has not signed a waiver or a code of conduct will not be permitted to play.
8. Players are to be at the field for 6:00 p.m. sharp!
9. Rain dates will not be rescheduled.

## 8. Rules for Gender Inclusion

1. This is a non competitive, gender inclusive league - please act accordingly. For the purposes of the league, gender is by self-identification.
2. Teams should have a minimum of three (3) female, trans-identified or genderqueer players.
3. A maximum of six (6) male players are allowed defensively on the field at any one time. The remaining three (3) positions must be filled by female, trans-identified or genderqueer players or left empty.
4. A minimum of three (3) female, trans-identified or genderqueer players are required in each batting rotation.
  - 4.1 If a team has two (2) female, trans-identified or genderqueer batters, an out must be inserted into the middle of the batting rotation.
  - 4.2 If a team has one (1) female, trans-identified or genderqueer batter, two outs must be inserted into the middle of the batting rotation (not consecutively).
5. No more than three (3) consecutive male batters in a row.
6. If there are three (3) consecutive male batters, they must be followed by a female, trans-identified or genderqueer batter or an out. This applies to "wrapping around" from bottom to top of the line-up.
7. No pinch hitters are allowed.
8. Pinch runners are allowed, with advanced notification.

## 9. Field Rules

1. Teams will pitch to their own players.
2. Throwing of the bat will count as an automatic out.
3. Games are played to seven innings. There is a seven run "mercy" rule in effect except for the final inning.
4. The league plays with slow pitch underhand.
5. Each batter is allowed 5 pitches. Foul balls will be counted as a pitch. If the fifth pitch results in a foul ball, the batter is out.
6. In the case of general injury, play is stopped with a maximum one base advanced.
7. No purposeful bunting is allowed.

8. All players must take turns fielding during the game.
9. Captains should make decisions about what counts as a double/triple/homerun before the game. A standard approach is that any ball in the near trees in right field is considered a double. Any ball which bounces or rolls into the far trees on the other side of the path is a triple. Any ball that goes into the far trees in the air is a homerun.
10. Players can overrun first base only, although they must touch the red safety plate. No overruns allowed for second or third.
11. Players may advance only one base on an overthrow.
12. There will be a 'commit line' half way between third base and home plate, which, if crossed, requires the runner to go for home.
13. The runner should not touch home plate (but rather run behind the plate), or they will be called out. This is to avoid collisions.
14. There is no leading off and no sliding, again to avoid injuries. In both cases, the penalty is an automatic out.
15. Players may take up on a fly ball to risk an advance to the next base (i.e. tag-up on a fly ball).
16. Once a ball is in play, the pitcher may not touch the ball. If a pitcher inadvertently touches the ball, the play is dead and the pitch will be redone.
17. Fielders may not be inside the baseline until after the ball makes contact with the bat.
18. Base coaches from the batting team should be responsible for calling safe or out on close plays. Captains are responsible for ensuring that base coaches are in place to make these calls.
19. Before the game starts, captains should decide whether the catcher or base coaches will call fair/foul.
20. The home plate should be used to place first and third base. This means first base will normally be slightly to the right of the dirt patch.

## Sexual and Gender-based Violence

### *Preamble:*

The Carleton Graduate Students' Association is committed to ending sexual and gender-based violence in all its forms. Therefore, this policy reflects a two-pronged approach to ending sexual and gender-based violence on campus, with a focus both on addressing specific cases of sexual violence as they arise and on building a campus culture of consent. ## Safer Spaces

### *Preamble:*

The Purpose of this policy is to ensure that the Carleton Graduate Students' Association (GSA) continues to develop safer spaces protocol for its meetings and events. Although it is never possible to ensure a space is fully space for all those present, the GSA is responsible for continually revising its protocols in order to attend to concerns of all members and staff. As a result, this policy takes a harm reduction approach to ensuring GSA meetings are safer spaces.

### *Policy*

The GSA commits to the following series of safer spaces meeting guidelines:

1. All attendees will engage in meetings and events with respect for others' emotional, physical, and psychological boundaries. This respect for boundaries includes not pressuring or coercing anyone to disclose their experiences in order to be taken seriously at a meeting.
2. All attendees will respect the names and pronouns of others in the space.
3. Attendees will not assume or make judgments on anyone's gender identity, sexual preference, survivor status, health status, economic status, religion, background, beliefs, opinions, etc. Further, attendees are not responsible for disclosing any of this information at any meeting or event if they do not wish to do so.

When discussions arise at a GSA meeting or event that may inadvertently put attendees at risk of harm (for example, discussions of racism and racial violence, sexual and gender-based violence, ableism, etc.), the GSA Executive and staff are responsible for providing support resources to all meeting attendees. This responsibility includes:

1. Creating space for attendees to debrief after a meeting (with or without Executive and/or staff presence)
2. Connecting meeting attendees to support resources on- and off-campus
3. Respecting Council's decision to table a discussion that is actively causing harm until there is a consensus on how to move forward in a safer way
4. Informing attendees as early as possible when meetings or events may include discussions known to cause harm, including discussions of all forms of oppression.
